

Drummond School District 2013-18 Strategic Plan

Vision Statement

DASD is known for excellence in teaching, learning and preparing students for life-long learning.

By 2018, 80% of students graduating will participate in some type of community service.

We will develop a comprehensive list of volunteer opportunities.
We will make it a graduation requirement.

By 2018, 100% of students will develop a transition plan in their freshman year to be reviewed annually until graduation.

We will develop a method for students to select an advisor/mentor
We will develop an interest survey including academic goals that freshman will complete on Google Drive and share with their advisor.

Be at the top of our conference in reading/language arts by 2018.

We will identify a series of best practices in reading and writing.
We will analyze test scores and curriculum by committee.

By 2018, all students will have a computer

We will obtain funding.
We will analyze technology by grade level to find best equipment.

Mission Statement

The DASD's mission is to provide a diversified, progressive and safe environment for student success in an ever-changing world.
